Alexandra DelRio, La Junta FBLA
Reece Addington, La Junta FBLA
Bette McFarren, RF Gazette

MINUTES OF PREVIOUS MEETING: Mayor Ayala asked if there were any corrections or additions to the minutes of the Regular City Council Meeting of January 16, 2024. Council Member Rikhof made a correction to Mayor Ayala's commentary of Rick's letter. It says that it was a "resignation letter", but it was not. It was an announcement of his retirement. She believes there's a substantial difference between a "retirement" and a "resignation". Hearing no further corrections or additions, the mayor asked for a motion to approve the minutes as amended.

CITY COUNCIL MEETING – February 5, 2024

MOTION TO ACCEPT THE JANUARY 16, 2024 MINUTES AS AMENDED: Stoker

SECOND: Rikhof

DISCUSSION: There was no further discussion

VOTE: The motion carried 7-0

MINUTES OF PREVIOUS MEETING: Mayor Ayala asked if there were any corrections or additions to the minutes of the Special City Council Meeting of January 30, 2024. Hearing none, the mayor asked for a motion to approve the minutes as published.

MOTION TO ACCEPT THE JANUARY 30, 2024 MINUTES AS PUBLISHED: Rikhof

SECOND: Velasquez

DISCUSSION: There was no discussion

VOTE: The motion carried 7-0

FBLA RECOGNITION. There were thirty-seven out of forty-two kids from La Junta who qualified for State. Four of them were present during the council meeting. State will be April 1, 2, 3 this year at the Gaylord in Denver.

Livia Smith, Junior. Her event was public service announcement. In which you make a video on a topic that is given to you. Her team placed first, which means they qualified for State.

Alexandra DelRio, Senior, FBLA President. Her group event was parliamentary procedure and they placed third.

Reece Addington, Senior, FBLA social media representative. She and her cousin did visual design and placed third.

Morgan Foxhoven, Senior, FBLA treasurer. His events were taking two tests: one in accounting and one in economics. He placed fifth in accounting and third in economics qualifying him for state also. He'll also be doing a seventeen-page report on the Chapter Local Business event.

Council Member Rikhof: Didn't have any of the students from La Junta in job interview but it was a very impressive group of students. If anybody is asked to judge, she would encourage you to do it. She was a 2-time state officer in FBLA that being one of her claims to fame and why she has a lot of roots here in the Arkansas Valley. She is a huge fan of FBLA and is super proud of the students.

CITIZEN PARTICIPATION FOR NON-AGENDA ITEMS (5-minute time limit per person):

1. Douglas Golding, 1316 Lincoln Avenue: He wants to thank those involved for some of the new ideas being implemented. It's a good start. He went on the golf course website and it is pretty sad. It says there's no dining facilities at the golf course. At the time, there wasn't any scheduled events listed but the La Junta Trading tournament is already planned and schedule. The things that were on the letter to members needs to be on the website and the website needs to be pertinent. He has other ideas and knows other people who have ideas. He would still like to see a committee formed and he offered to assist. There are ways to have money and add additional ways to make money for the city. People who travel are on their phones and use the website. If the information isn't there, we're missing opportunities.
2. Bob Houston, 701 W. 4th Street: Noticed today, in the back of his warehouse, that somebody had been scraping his property to accommodate the Brick and Tile trail. They also opened up his fence to do so. He approached the project manager, introduced himself, and asked for some dirt to be put back where they got it along with some gravel. Whoever did the bobcat work put his fence back up. He said he would check into that but it's been a week later and nothings been done. The project manager said he was informed by his foreman that he had permission to come on his property but he didn't get the right communication for the job.

CITY COUNCIL MEETING – February 5, 2024

3. Edward Vela, 1101 Russell Avenue: He said that it's not good to have Joe nominate the selection committee for the interim city manager. He could have used the city clerk, who's very efficient to contact the other council people as they too have good sense to also know qualified citizens. Council members deserve respect and dignity also. Less than a week was given for the candidates to submit an application. That's super short. He's not sure how it was advertised but the council can do better than that. He said his next comment had no reflection on any of the current committee's integrity but there are two brothers-in-laws on the committee. Some folks say it was not good. He agreed. He believes it would have been easier for the council to appoint Bill Jackson as the interim city manager. He is multi-credentialed and has had the title of assistant manager for many years, that would have made it easier. Other supervisors could have huddled with him to shift some of his responsibilities till a new city manager was selected. He also asked the City Attorney to explain the serial sunshine law violation to the council. This would be if Paul were to call Damon and tells him a particular subject, hangs up and then calls Jeremiah and then Paul continues on down the line. He knows about this because he was caught years ago. In the future, the topic of an executive session should always be shown on the agenda. Citizens have the right to know in advance without asking. Transparency, remember?

Mayor Ayala: Asked Bill if Todd had an update for him.

Asst. City Manager Jackson: There was an incident this weekend involving multiple reports of shootings at three different addresses. One person sustained an injury from a gunshot. Those persons were identified and warrants were issued. The process is ongoing at this very moment.

Mayor Ayala: Todd and the rest of the Police Department have been working extremely hard since this happened. He thanked the other agencies that helped out: CSP, Sheriff's Department and CBI. There was a report on the 1500 block of Belleview, a report shortly after that at 5th & Lewis and then a third report from the 800 block of Santa Fe. If you have any information, please contact the local Police Department.

REPORTS

A. **Tourism Board Update.** Pam Denahy gave/submitted the following report:

Annual Report

- La Junta Tourism began in 2010 as an Advisory Board that manages and oversees the expenditures of a 4.5 percent lodging tax that is collected on all lodging facilities (8) in La Junta. The lodging tax is not a part of the general City sales tax fund. Revenue collected through the lodging tax can only be spent for tourism related functions. The Lodging Tax Fund is the primary source of City funding for tourism promotion.
- La Junta Tourism Advisory Board members include Chairman John Yergert, Ron Davis, Colleen Oquist, Tracey Salzbrenner, Rick Wallner, City Manager Rick Klein and Mayor Joe Ayala. Members of the Board, except for the City Manager, are volunteers and not paid. They all have experience with and a passion for tourism and are dedicated to growing tourism in La Junta. Pamela Denahy, Director of Tourism, serves as the La Junta Tourism administrator.
- As a result of the Lodging Tax ordinance – \$227,566.²⁸ in revenue was collected in 2023.

- B. A Resolution Authorizing the Sale of Real Property to Inspiration Field.** This property is located at 1525 Lewis Avenue. It is part of a transaction to utilize EPA funds to be able to clear off the property. Resolution No. R-1-2024 was presented for council's consideration as follows:

WHEREAS, the City is a Home Rule City organized under the laws of the State of Colorado; and

WHEREAS, the City owns certain real property described as follows:

Lots 25, 26 and 27, Block 2 in La Junta Heights Subdivision to the City of La Junta, according to the recorded plat thereof, in Otero County, Colorado.

WHEREAS, INSPIRATION FIELD donated the real property to the City of La Junta for the sum of \$1.00 and the City agreed to resell the property to INSPIRATION FIELD at a later date for \$1.00; and

WHEREAS, the City Council believes that the real property has no utility to the City and as such is surplus property; and

WHEREAS, the City desires to sell the same to INSPIRATION FIELD (a non-profit organization) for the sum of \$1.00.

BE IT THEREFORE RESOLVED BY THE CITY OF LA JUNTA, COLORADO as follows:

1. The City determines that the property is surplus property.
2. The City authorizes the Mayor and City Clerk to execute a Deed of Conveyance to INSPIRATION FIELD in exchange for \$1.00.
3. The resolution is enacted by the City Council of the City of La Junta.

MOTION TO ADOPT RESOLUTION NO. R-1-2024: Rikhof

SECOND: Pantoya

DISCUSSION: This property was donated to Inspiration Field. The City was able to take care of the blight through the EPA project.

VOTE: The motion carried 7-0

CITY COUNCIL MEETING – February 5, 2024

- C. First Reading/AN ORDINANCE AMENDING TOWING ORDINANCE.** The Police Department requested that some energy be put into the towing ordinance that will allow for tows to be done more rapidly and quickly than the prior ordinance, which was fifteen days. This ordinance will change that time to seventy-two hours. The ordinance was introduced by title only, there being copies available to those in attendance.

MOTION TO PASS THE ORDINANCE ON FIRST READING: Velasquez

SECOND: Rikhof

DISCUSSION: The violation usually ends up on the windshield of the vehicle. After it is towed, it is up to the owner to pay the fees to get the vehicle back. The City is never in possession of the vehicle. The tow company will take physical possession of it which creates an opportunity for them to assert a storage lien on the vehicle and they would sell it.

VOTE: The motion carried 7-0

- D. Interim City Manager Selection.** One person applied for Interim City Manager. That was Mr. Bill Jackson. Mayor Ayala asked the City Attorney on how the Board should proceed.

City Attorney Malouff: It might be slightly premature to take formal action. You can recommend to make that position available to Mr. Jackson but there's going to be some details that need to be ironed out. We should start with an executive session to decide what the parameters are that you're willing to give in terms of benefits and so forth. My recommendation would be that we have a short executive session with action to follow. It probably needs to be a communication between the Board and Mr. Jackson before we reconvene.

MOTION TO GO INTO EXECUTIVE SESSION FOR THE PURPOSE OF DETERMINING POSITIONS RELATIVE TO MATTERS THAT MAY BE SUBJECT TO NEGOTIATIONS, DEVELOPING STRATEGY FOR NEGOTIATIONS, AND/OR INSTRUCTING NEGOTIATORS, UNDER C.R.S. §24-6-402(4)(e) FOR DISCUSSION WITH THE INTERIM CITY MANAGER SELECTION, MR. JACKSON: Ochoa

SECOND: Velasquez

DISCUSSION: There was no discussion

VOTE: The motion carried 7-0

The Council went into executive session at 7:06 p.m. and reconvened at 8:11 p.m.

Mayor Ayala: There will be no action at this time.

E. Committee/Board Reports

1. Senior Center Advisory Board (Council Member Velasquez):
 - San Antonio trip is May 19th through 25th. There are thirty-six people signed up and there is room for fifty-six.
 - Looking to restart dances in a couple of months with a variety of music and times to accommodate those people that don't like driving at night.
 - They'll be doing bingo on the 8th, 22nd and 29th starting at 10:30 a.m.
 - The discussion for renting out the senior center again has been tabled until next month.

D. City Manager Comments

1. There were no city manager comments.

Mayor Ayala: Received a text from Todd. There were no shell casings found at the 1500 block of Belleview but that's where the report came from. It could have been anywhere in that area or it could have been at one of the other sites. We don't know the exact area but that's what was reported.

CITY COUNCIL MEETING – February 5, 2024**E. Governing Body Comments**

1. Council Member Rikhof:
 - The design group for Otero is meeting for the fourth time. There are some interesting things that the architects are going to be putting forward for the Master Plan for Otero that a lot of people in the city of La Junta would be interested in. It's tomorrow night from 5:30 – 7:30 in the Rizzuto Banquet room.
 - Lunch and Learn with students from Brazil will be at 12:15 on Wednesday in the Learning Commons.
 - The Brick & Tile park needs signage. There are people that don't know how to get there.
2. Council Member Pantoya:
 - Just had the Chamber of Commerce Banquet. It was successful and sold-out tables. Looking forward to the next one.
3. Council Member Velasquez:
 - The American Legion lost their meeting space. If anybody has any space available, please reach out.
4. Council Member Ramirez:
 - Girls in the Middle Conference 2024 is March 2nd. It's an organization focused on inspiring 5th through 8th grade girls in STEAM (Science, Technology, Engineering, Arts and Math.) There are a lot of sponsorships. Colorado School of Mines, Southeast Colorado, AHEC, CB&T, Secom, Secpa, Otero County Health Department, Las Animas Woman's Civic Club, 1st National Bank, Martin Pipe & Steel, Las Animas School District and the Sign Shop. Thank you sponsors. Registration is open through February 9th.
5. Mayor Ayala:
 - The Science Fair is this weekend at the Otero Jim Rizzuto room on the 8th, 9th and 10th.
 - At the quarterly Colorado Workforce Development Council with the governor, they took us on a tour of ULA, which is United Launch Alliance. They do rockets out of Denver, after SpaceX, they're the largest launcher of rockets into orbit that we have. They introduced us to four young adults. They said that they're actually thinking of starting their own college because the engineers that they get, they learn engineering with gravity and it messes them up to where they need to retrain them on doing stuff without gravity. They're looking at rural areas to partner with to get these kids at a younger age. Sometimes we just think of Ag and stuff like that. There will be talks with President Zant and the superintendent of our schools here to see if there's any way we can come together. The governor also talks about tarantulas when he recognizes us in these meetings.
 - The other thing that was talked about was quantum computing. The speak went through the very basics of quantum computing. He says you don't have to be a brain surgeon to do these jobs. There are also other jobs involved in quantum computing that they train for and they're looking for communities with strong industrial parks to where you're not actually building a computer but your helping build proponents that make up these computers.
 - Lamar does what they call the Tri-State 9/11 Memorial which is right on Highway 50. A gentleman named Doug Harbor does this. He's a former marine. He calls himself, "a marine with a dream." He was sitting at home around ten years ago and noticed that there was no mention of 9/11 when it came up and said, how are my grandkids and future generations, going to know about this event that took place if we're not really honoring the memory. So, he went to his county commissioners and asked if he could get some money to have a parade. They had a parade the first year. Then they raised some money and had another parade. Then they got a memorial built. Now that memorial is bigger. It has its own shaded area. They have a bronze statue and said we want to be sister cities with La Junta. But, every 9/11 celebration is usually the 2nd Saturday in September and that's our Early

CITY COUNCIL MEETING – February 5, 2024

Settler Day. This year is going to be one of the few years where it doesn't fall on Early Settlers Day.

They talked about Yeneneh Betru and this is really cool. He's a doctor. He attended high school at The Abbey in Colorado. He worked in medical affairs for The Hospital Company in Burbank. One of the pioneers in a new practice of medicine referred to as Hospitalist Care. He traveled around the country to train hundreds of physicians. He immigrated here with a promise of taking care of his grandma and her friends when they got older. He was a friend, a role model, and mentor for his younger siblings who often say, all of our accomplishments are a result of his guidance. In June 1998, when his grandmother became ill, he flew back to Ethiopia to aide her doctors. Due to lack of equipment and supplies she, unfortunately, passed away. With poo facilities and absent equipment, the sick have little chance of survival, he said. With a renewed sense of responsibility, Dr. Betru vowed to help enhance the condition of medical facilities in Ethiopia, beginning the process of creating a kidney dialysis clinic in present day Ethiopia. Given the lack of kidney dialysis machines, persons with kidney failure had zero chance of survival. Investing his own time and money, Dr. Betru acquired over a half dozen dialysis machines and supplies. It was while Dr. Betru was working with the Ethiopian government to designate the proper location for the clinic that the terrorist acts of September 11, 2001 took his life and ended his dream. He was only 35 and just beginning his life after years of education and planning for the future.

That was one person out of twenty-nine hundred who we lost. That impact is going to be huge. What this Tri-State Memorial does is they find a different person every year to honor, and remember. They're going to be doing some different things that they would like us to partake, if we can. When we get more information on that, I'll give you guys the details. That was a citizen who saw a need and instead of just saying we should do something, he put boots on the ground and he got it done.

- Scheduled a Special City Council meeting for Thursday the 15th at 5:30 p.m.

There being no further business, the regular meeting adjourned at 8:25 p.m.
